

	<p><u>Best of the Fair: Baby Care Products</u> Product: 2.4 Ghz Digital Video Baby Monitor Company: Joyo Plastic & Electronics Company Booth No: 3E-A01 Description: With an innovative 3.5" LCD colour screen, the baby monitor uses 2.4Ghz digital wireless transmission, a CMOS colour camera, infra-red night vision and multiple channels. Interaction is a key concept behind this product, supported by a push-to-talk button for two-way communication and a voice-activated function to instantly alert parents when the baby is crying. A soft nightlight and lullaby music soothes babies. The foldable design allows camera angle adjustments for a full view of the child. The portable device operates via a main adaptor or with batteries. It is RoHS compliant, with features such as an energy-saving auto-standby mode and recyclable plastic casing.</p> <p>Photo download: http://202.64.102.92/hktdc/download.php?fid=_phpsD6zps</p>
	<p><u>Best of the Fair: Baby Strollers & Gear</u> Product: Twin Pulsar Company: Cam IL Mondo Del BAMBINO SPA Booth No: 3F-G04 Description: The user-friendly, advanced-design stroller for twins includes two reversible seats. The units can be arranged in three different configurations: rear facing, forward facing or facing each other. It uses a centralised brake system that can be activated by a button on the handle. When folded, the aluminium frame, double-deck stroller is compact. Accessories include two foot muffs, two push-chair hoods, two rain covers, a wide shopping basket, a bag with a changing mat and second-level adaptors for a carry cot.</p> <p>Download: http://202.64.102.92/hktdc/download.php?fid=_phpzNrhBx</p>
	<p><u>Best of the Fair: Baby Furniture & Home Accessories</u> Product: Artmo Baby Pampering Mattress Company: Dynamark International Ltd Booth No: 3E-B09 Description: The pocketed spring is small in diameter and low in height to provide "high-definition" support that adjusts to the curves of a baby's body. This innovative system is endorsed by certified practitioners from the Hong Kong Chiropractic Group. Malaysian natural latex is used to fill the mattress, providing a hugging yet supportive feel. Organic cotton is used for the fabric. The pocketed spring system comes in two levels of firmness to allow for different ranges of body weight.</p> <p>Download: http://202.64.102.92/hktdc/download.php?fid=_phpQiw9Yq</p>

	<p><u>Best of the Fair: Baby Toys</u> Product: P & P Kingdom – English Learning System Company: F & G International Ltd Booth No: 3E-E32 Description: P & P Kingdom is a comprehensive English learning system for kids.
