About Think Global, Think Hong Kong

As China and ASEAN continues to drive the global economy's growth, Japanese companies keen on exploring new business opportunities in the region can partner with Hong Kong, Asia's international trade and financial centre, in their search for success.

Following the overwhelming response in the UK, Japan, USA, France, Italy, Canada and Germany, **Think Global, Think Hong Kong** revisited Tokyo, Japan in 2018. Proudly organised by the Hong Kong Trade Development Council and supported by various business organisations, the campaign once again presented a wealth of valuable information and tremendous opportunities through an array of activities.
