Welcome Message

Welcome to the 20th edition of the HKTDC Hong Kong Electronics Fair (Spring Edition).

Hong Kong's electronics industry has long been the territory's largest merchandise export earner. Electronics exports constitute over 70 per cent of Hong Kong's total exports, making them integral to both our manufacturing sector and the entire export economy. The Hong Kong Trade Development Council forecasts that Hong Kong's exports are projected to grow by four to six per cent in 2024, a growth largely driven by the global surge in demand for electronics, including AI-enabled devices and other finished products.

This year's Spring Electronics Fair features more than 2,500 exhibitors from 16 countries and regions, along with group pavilions. Buyers can expect to find not only in-demand AI-enabled products, but also a diverse range of hi-tech products and essential items. Key exhibit categories include 3D Printing, 5G & AIoT, Audio-visual Products, Automotive & In-vehicle Electronics, Connected Home, Health Tech & Fitness, Home Appliances, Mobile Electronics & Accessories, Robotics and Unmanned Tech, Security Products and Telecommunications Products. Prominent exhibitors include Carpa Design (Spain), Explore Scientific (US) and Frameo (Denmark).

The fairground is sectioned into zones to facilitate easy navigation and sourcing. A new addition this year is the Energy Storage Zone, which provides buyers with access to the latest in renewable energy storage devices and insights into the burgeoning energy storage industry, helping them reduce carbon emissions and maintain a consistent power supply. The Hall of Fame, always a firm favourite of the Fair, features world-renowned brands such as Goodmans, Skyross and TCL. The Tech Hall is another prime attraction, showcasing next-gen electronics and offering a glimpse into modern lifestyles. Meanwhile, the Startup Zone provides an ideal platform for tech start-ups to present their innovations and connect with investors, manufacturers and buyers.

The EXHIBITION+ hybrid model allows buyers to source beyond the Hong Kong Convention and Exhibition Centre using the HKTDC online smart business matching platform Click2Match and hktcdc.com Sourcing platform. Buyers can schedule and conduct online meetings with local and overseas exhibitors via Click2Match until 23 April. They can also scan the dedicated QR codes of exhibitors and product showcases at the fairground using the Scan2Match function in the HKTDC Marketplace App to bookmark favourite exhibitors, browse product information and engage with exhibitors even after the Fair closes to extend their sourcing journey.

A series of seminars and forums have been arranged to keep participants abreast of the latest industry and technology developments. The Tech Trends Symposium, jointly organised by the Hong Kong Electronic Industries Association and the Federation of Hong Kong Industries – Group 5 (Hong Kong Electronics Industry Council), is themed "The Future of Spatial Computing and Generative AI", where experts from HTC VIVE, the Hong Kong Applied Science and Technology Research Institute (ASTRI), the University of Hong Kong and VOTANIC will discuss various applications of spatial computing and their synergy with generative AI. Talent is a crucial asset for the development of the I&T sector. In this year's Spring Electronics Fair, the HKTDC is collaborating with major recruitment platform Jobsdb and the Hong Kong Top Talent Services Association to organise a talent-matching activity, helping exhibitors recruit talents.

Moreover, there will be a range of activities focusing on start-ups, including pitching competitions, investment matchmaking, mentoring events, smart launch sessions and seminars on various tech-related topics.

The Spring Electronics Fair is running concurrently with InnoEX, which is jointly organised by the Innovation, Technology and Industry Bureau of the Government of the Hong Kong Special Administrative Region to present a broad range of I&T solutions for smart cities, businesses and smart living from governments, tech firms, start-ups and innovators. Both the Electronics Fair and InnoEX are events of Business of Innovation & Technology Week.

With this exciting line-up of cutting-edge products, smart solutions, innovative ideas, insightful seminars and ample business opportunities, I wish you a rewarding experience at the two fairs.

Steve Chuang
Chairman
HKTDC Electronics / Electrical Appliances Industries Advisory Committee

歡迎辭

歡迎各位蒞臨第20屆香港貿發局香港春季電子產品展（春電展）。

電子業向來是香港最大的產品出口創匯行業，電子產品佔香港整體出口逾七成，對本港製造業以至整體出口均至關重要。香港貿發局預期本港出口於2024年將有4%至6%的增長，而這股增長動力，正正來自環球市場對電子產品包括人工智能設備及相關電子產品的殷切需求。

今年春電展雲集來自16個國家及地區逾2,500家參展商，並設有多個展館，為買家帶來熱門的人工智能設備之餘，還有各式科技產品以至不可或缺的電子產品。主要展品類別包括有3D打印、5G及人工智能物聯網、視聽產品、汽車及車載電子產品、連網家居、電子保健及健美產品、家用電器、移動電子產品及配件、機械人科技及無人操控技術、保安產品以及電訊產品。知名參展商有Carpa Design（西班牙）、Explore Scientific（美國）及Frameo（丹麥）。

為方便買家參觀採購，春電展劃設多個展區。今年展會新增「儲能設備展區」，讓買家採購最新的再生能源儲能裝置及了解新興儲能產業的發展趨勢，助他們減少碳排放及維持電力供給。深受歡迎的「品牌薈萃廊」網羅世界知名品牌，包括Goodmans、Skyross及TCL。「科技館」是另一個焦點展區，展示新一代尖端電子產品及現代生活方式。此外，「初創專區」為年輕企業提供理想平台展示創意與發明，並可接觸投資者、製造商及買家，建立合作關係。

春電展以「EXHIBITION+」（展覽+）線下及線上融合模式舉行，買家除了可於香港會議展覽中心現場進行採購，亦可於「商對易」（Click2Match）智能商貿配對平台及「貿發網採購」（hktdc.com Sourcing）平台上搜羅更多產品與服務。在這個融合的展覽模式下，買家更可由今天起至4月23日期間，透過「商對易」與本地及海外展商進行網上洽商。另外，買家可在實體展覽期間透過HKTDC Marketplace App全新的「掃碼易」（Scan2Match）功能，掃描展商及產品陳列櫃的專屬二維碼，收藏喜愛展商，瀏覽產品訊息，並在展覽期間或之後與展商延續線上商談，繼續採購之旅。

大會為買賣雙方締造商機，同時透過舉辦一系列研討會及論壇，讓業界掌握行業及科技的最新發展。由貿發局、香港電子業商會及香港工業總會第5分組（香港電子業總會）合辦的「科技前瞻研討會」，以「超越邊界：探尋空間計算與人工智能的未來」為主題，邀請來自HTC VIVE、香港應用科技研究院、香港大學及華拓域科技有限公司的行業專家，探討空間計算在日常中的各項應用，以及其與生成式人工智能的協同效應。人才是創科發展的重要資本，今屆春電展特別與大型招聘平台Jobsdb及事業發展服務機構高才通人才服務協會合作，增設人才配對活動，助參展商招聘人才。

此外，大會亦設有一系列專題活動，扶助初創企業發展，包括項目提案比賽、初創投資項目對接會、啟導環節、初創企業介紹會，以及科技座談會與分享會。

香港國際創科展（創科展）現正與春電展同期舉行。創科展由香港特別行政區政府創新科技及工業局，以及貿發局合辦，呈獻來自政府、科技企業、初創企業及創科人才，有助構建智慧城市、業務與生活方式的創科方案。兩項展會均為「國際創科營商周」的活動。

春電展及創科展匯聚先進產品、智慧解決方案、創新意念、內容豐富的研討會及大量商機。我祝願各位在兩展滿載而歸。

香港貿易發展局電子及家電業諮詢委員會主席
莊子雄
